

NOTE ON RAIN WATER HARVESTING IN STATE

The Department has introduced a State Plan Scheme from the year 2005-06, namely, "Accelerated Recharge to Ground Water" " to recharge the ground water in water deficit areas of the State. Under this scheme, 592 rainwater harvesting structures amounting Rs. 485.58 lacs had been constructed on Govt. Buildings in the ground water depleting area in the state upto 2012-13.

The year-wise details of rain water harvesting structure constructed in the State by Agriculture department ie. physical and financial achievement in respect of construction of rain water harvesting structures from 2005-06 to 2012-13 are as under:

Physical = Nos

Financial= Rs.in lakhs

Year	Physical	Financial
2005-06	183	92.09
2006-07	52	42.83
2007-08	22	16.89

2008-09	88	69.41
2009-10	73	64.32
2010-11	31	30.50
2011-12	119	144.32
2012-13	24	25.22
<i>TOTAL</i>	592	485.58

* The Rain Water Harvesting Structures are being constructed by the Agriculture Department for Demonstration for popularization of the technique.

Rain Water Harvesting Structures constructed since 2005-06 to 2012-13 under the scheme Accelerated Recharge to Ground Water.
