

Powers and duties:

- Analysis of pesticide samples as and when received.
- Rejection of pesticide samples if not received as per the procedure laid under the Insecticides Act, 1968 and Rules framed thereunder.
- Preparation of sample analysis reports and their despatch to the concerned as per provisions laid under the Insecticides Act, 1968 and Rules framed thereunder.
- Retention of a portion of the analysed samples found mis-branded for future references, if any.
- Retention of a copy of analysis reports of pesticide samples.
